BIKE/WALK/CARPOOL TO WORK DAY

Possible summer gas prices???

Join with others looking to reduce their gas consumption!

- If you live close enough, bike or walk to work.
- If you live too far away to walk or bike the entire trip, travel part way by car and walk or bike the rest, or carpool.
- Use Bike/Walk/Carpool to Work Day on May 16 as a kickoff event; see how many days you can travel to work under your own power this summer, or if you haven't already, start carpooling.
